

SIRIO 315 SH

La nuova **Sirio 315 SH** semiautomatica con funzionamento elettropneumatico.
The new **Sirio 315 SH** semi automatic vertical action circular cold saw, with hydro-pneumatic head feeding and quick action pneumatic vice.

➔ La rigida struttura verticale garantisce un'elevata stabilità e annulla le possibili vibrazioni.
The vertical column construction provides extremely stable saw frame guidance and stability, with vibration free sawing.

➔ Controllo idraulico della velocità di discesa della testa.
Variable rate hydraulic control of the sawing head feed and 2 speed selection of the sawblade rotation speed to maximise cutting potential.

➔ Facile regolazione delle posizioni di inizio e fine taglio tramite due fine corsa scorrevoli.
Easy setting of the cutting stroke (upper & Lower limit) for optimum cycle times.

➔ High capacity electric flood coolant system with (option for minimal lubrication system) and removable swarf collection drawer.
