

Workshop
Mitre saw

multi-CUT

Recommended for the busy workshop, this modern well proven machine offers both precision and reliability. Loaded with standard high quality features it represents unbeatable value.

CS315

The NEW variable blade speed allows this machine to cover a wider range of materials, from Stainless steel to Aluminium.

**Variable blade speed
with inverter 15~120rpm**

**Two way easy mitre
+45deg - 0deg - -45deg**

Calibrated length stop

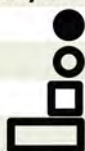

Electric Coolant System

Standard features

- Variable blade speed with inverter and digital display
- Heavy duty reduction gearbox
- Quick action vice for repeat cutting
- Offcut vice for burr free cutting
- 300mm Calibrated length stop
- Options for roller tables and measuring systems
- Electric flood coolant system (option for pure oil micro-mist)
- Lef/Right mitre cutting to 45° with calibrated scale
- Adjustable vice jaws

Cutting Capacity 90°

60mm
100mm
82mm x 82mm
110mm x 70mm

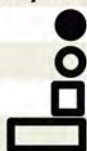

Motor Power = 2hp

Blade dia = 315mm

Vice opening 120mm

Width = 960mm

Cutting Capacity 45°

50mm
90mm
75mm x 75mm
85mm x 70mm

RPM 15~120 variable

Weight = 175kg

Height = 1770mm

Depth = 1010mm
